87 ARTICLES FOR ANNUAL TOWN MEETING

There will be, as of this writing, 87 Articles in the Warrant for the Annual Town Meeting, scheduled for March 8th at 1:30 pm.

The Board of Selectmen, after a long executive meeting, on Monday night, arrived at this number of articles.

One, which the Town Crier last week believed was to be included has been eliminated - if it was an article. The Town Crier's belief was that there was an article for acceptance of the second part of Kenwood Avenue. But there is none in the warrant. The proposal was for acceptance under the Betterment Act.

The first part of Kenwood Avenue is slated for acceptance, by the Town Meeting - without the provisions of the Betterment Act. Among the articles previously unreported are the following:

An article (one of many) by the Wilmington Conservation Commission, calls for the town to take the land on both sides of the Ipswich River, between Woburn St. and Route 93 - known for generations as The Hundred Acre Meadow. About forty acres of the meadow is in Wilmington, the rest being in Reading.

The Conservation Commission is asking the town to acquire twenty acres.

There is an article which petitions the state Department of Natural Resources to install a state financed skating rink in Wilmington.

There is an article which asks that four tennis courts be constructed at the new Shawsheen Avenue school.

There are two articles which are being prepared by the Town Counsel for the Board of Selectmen.

One has to do with the MBTA and the other with Home Rule. Just what is being asked is not known, as yet, to the Town Crier.

There is an article asking for a new Brush Fire Truck, for the Wilmington Fire Department.

There is an article asking that the town purchase two new vehi-

cles for the Police Department. And there are several articles having to do with police department vacations, etc.

The usual articles asking for 'rent money' for the veteran's club houses appear in the middle of the warrant - Articles 33, 34 and 35.

Diana Imbimbo to run for Re - election

Miss Diana C. Imbimbo has announced that she will be a candidate for re-election to the Wilmington School Committee.

A native and life long resident of Wilmington, Miss Imbimbo graduated from Wilmington High School in 1961 and attended Lowell State College from 1962 to 1964, majoring in Secondary Education.

She worked in the document library on the LEM (Apollo) program at RCA for a year, and was manager of The Rio Grande Railroad office in Boston before assuming her present position as executive secretary to Dr. Erwin Chernoff of Wilmington.

Miss Imbimbo has been active in a number of local organizations including the League of Women Voters, the Human Rights Committee, and the Sons of Italy. In 1968 she was elected to the Wilmington Democratic Town Committee, and held the office of Treasurer until her resignation last summer.

For the past year she has held the office of Vice-Chairman of the School Committee and has also acted as Legislative Liaison for the Committee during the same period.

Miss Imbimbo will be resuming her undergraduate studies in anthropology at Boston University in September.

Fred Cain is Second Best

Half a dozen years ago Fred F. Cain, Wilmington Chrysler and Plymouth auto dealer, won the Saturday Evening Post award as the Outstanding Quality Auto Dealer in the United States - the famed Benjamin Franklin Award.

Now the Saturday Evening Post is no longer published, and TIME magazine has taken over, in a similar award, this year, for the first time.

Fred F. Cain, auto dealer and Little League Sponsor, Rotarian, Legislator and Banker, and a few more such things, was the obvious choice of the Massachusetts Auto Dealers Association for nomination for such an award.

Last weekend, with fifty other nominees from all the states, Cain and members of his family went to Miami, for the final judging, in the 53rd annual National Automobile Dealers Association convention and exhibition.

Mr. Cain, it must be reported, came out second best, the first time that such an event has happened to him in years.

Sunday morning, in the preliminary judging, Cain was named one of the Top Eleven auto dealers in the United States.

The eleven TIME Magazine Quality Dealer Award winners were acclaimed in the Main Auditorium of the Miami Beach Convention Hall.

TIME Magazine's George W. McClellan made the presentations which was followed by an address by the US Secretary of Transportation John A. Volpe.

The program included 'bigger than life' slide pictures of the 11 TMQDA winners, for the 14,000 persons at the NADA convention to see, and each winner received a lapel pin, and a TMQDA wall plaque.

But - in the Finals - it was Fred Cain all the way - until the last step.

He was tied for first place - or he was ahead - all the way.

Until the final question, to be answered by the two finalists.

The question: How many new cars did you sell, in 1969?

O. Willard Noller, a Ford Dealer from Topeka, Kansas, had sold 3500 new cars in 1969.

Fred Cain could not approach this number.

Mr. Noller was awarded the TIME Magazine Quality Dealer Award.

Mr. Cain took second place. He will be home next Monday, with his plaque.

George Boylen Announces Candidacy

Selectman George W. Boylen Jr has announced that he will be a candidate for reelection in the March elections.

Mr. Boylen, a graduate of the Wilmington schools and the University of Massachusetts, is a Navy veteran, married, with three children, and lives at 2 Ledgewood Road.

He is the associate industrial hygiene officer of the Massachusetts Institute of Technology, and a consultant in toxicology to government agencies, hospitals, and industry.

He has served the town as a member, vice chairman, and chairman of the Finance Committee, and is now concluding his first term of office as a selectman. He was chairman of the board last year.

'I am concerned about Wilmington's complex problems. The interrelationships of such varied problems as reduced state receipts, proper industrial and residential expansion, air pollution, traffic, government stability and the tax rate, require understanding before one can find effective solutions that will be of greatest benefit to the people' he says.

'I believe my experience in town government has given me this understanding, and if re-elected will be effective in working for the best interests of Wilmington'.

Mrs. Joseph Beaton Heads Mother's March

Mrs. Joseph Beaton, 16 King St. has been appointed the 1970 Mother's March Chairman for Wilmington by Dr. Randolph Philbrook, state chairman for the March of Dimes.

The Merrimack Valley Chapter of the March of Dimes, says Mrs. Beaton 'urgently needs the energy of members of our community to fight against Birth Defects, a cripple that claims 7,000 babies each year in our State.

At the March of Dimes Birth Defect Treatment Center, at the Boston Floating Hospital, victims of Birth Defects are now receiving

some of the finest medical care available today. But more needs to be done, because in addition to Centers like this, funds are needed for intensive research which will ultimately lead to the conquest of this crippling.

Research led to the conquest over polio, and it can lead to victory in this battle' Mrs. Beaton said.

She hopes that the people of Wilmington will contribute generously to the March of Dimes campaign this year, so that parents will never have to say 'Why did it happen to our baby?'

Wendell Phillips at Chelsea Naval Hospital

Marine PFC Wendell E. Phillips is at the Chelsea Naval Hospital, recovering from wounds suffered in Vietnam on December 31st.

The son of Mrs. Anne Phillips of Safford Street, Phillips was wounded by flying rock fragments as the result of an enemy dynamite explosion, at Chu Lai, near

Danang, in the north part of South Vietnam.

Fragments of the rock entered his body, and his left eye has perhaps lost its vision because it was hit by a fragment. Naval doctors are hoping that vision will return to the eye.

This is the year of the Skimobile

This is the year of the Skimobile. Like so many flatulent monsters, they roar off through the woods, and down railroad tracks in Wilmington, and, for those who are more fortunate, through the woods and fields of New Hampshire and Vermont.

It is an exhilarating and exciting sport, far better than to swoosh through the snow paths on skis, for no particular degree of skill is required.

'Adventure' magazines are full of stories of hunters who get their moose, by skimobiling into the wilds of Canada, and shoot the poor animals, who have chosen a place of refuge from the winter snows. It's great sport, but not from the viewpoint of the animal.

Two Wilmington merchants, at least, are selling them, Ed Galante down on lower Main Street, and the A. B. Swezey Company, on Main

Planning Board Advises

Include Wildwood Street Land in High School Plans

The Wilmington Planning Board, Tuesday evening advised the acting Superintendent of Schools, Walter Pierce, and two members of the School Committee, Mrs Barbara Hooper and Chairman Bill Fay, that they should include land not previously planned to be used, in the direction of Wildwood Street, in the plans for the new High School grounds.

Specifically excluded in the recommendations was more land of Carmen Luongo, chicken farmer. The land that was being recommended was that across from Wildwood Cemetery.

The recommendations were made as the result of a conference over the proposed land takings for the school property - and as a result of the now progressing plans for enlarging the high school.

During the discussions it developed that part of the proposal was for filling and landscaping a lot of low land, mostly swamp, directly in back of the school, and that the current estimate for the 'landscaping' was \$450,000.

Further questioning developed that \$120,000 was spent for landscaping for the new Shawsheen Avenue School.

Professor Charles Eliot spoke up to say that one investment the town can always make, and be absolutely right, is land for schools. 'Why fuss around' he said, with \$450,000 in land fill? You can buy a lot of land for that!

He recommended that thought be given to buying more land than has been planned from Luongo.

Mr. Gillis turned the attention

of the meeting towards the land across from the cemetery, on which three homes are now located. He recommended that a lot of the 'unused' land there be bought, as it could fulfill the needs. If necessary, he said, the home nearest the high school playing field could be moved nearer towards Wildwood Street.

Gillis' recommendations were that the land be purchased in such a manner as to give the school an outlet onto Wildwood Street, a recommendation to which all agreed.

Other Land Too

Professor Eliot then shifted the attention of the meeting to lands needed for other schools being planned. 'Buy it Now!' he said. He pointed out that if the town waits, it 'may be too late'.

Flood Plain Map

Professor Eliot is to have a 'master copy' of a Flood Plain zoning map made, by an engineer, for filing with the Town Clerk, before the annual town meeting. From that map copies can be made as needed.

None of the proposed flood plains are northerly of Salem Street, except for the Martins Brook area. In other parts of the town the areas follow existing streams.

The zoning map is to be made as closely as possible to follow existing property lines, Eliot advised. If a flood plain, he said, ends within five or ten feet of a property line, then that property

line will be used to define the plain.

Real Estate Developments

Town Engineer Arthur Harding advised the board that he had spent one and one half days in the office of Registry of Deeds, in Lowell, checking on deeds and mortgages in the Marcia Road extensions, so as to be ready for the hearing on February 3d, on the recision of the plan for that area.

Mrs McKie, chairman, said that she is asking the Town Counsel to attend the hearing.

Mr. Gillis wants to start proceedings on Lopez Road, which has never been completed according to the plans submitted to the Planning Board, but the rest of the board agreed that they would be too busy now that Town Meeting is coming. They will discuss Lopez Road after the Town Meeting.

The board agreed to reduce the Jackson Brother's Bond, for the housing development easterly of Parker Street, to \$5,000. The Town Engineer advised that he has not been able to see all he wishes to see, because of snow. There is about 5200 feet of streets in the development, and the bond remaining works out at about \$1 a foot.

For the Hathaway Acres Extension, the board agreed on a reduction of the bond to \$7,000 - or about one and a half dollars per foot of road.

SILC

Danny Gillis reported verbally on the meeting of SILC, in inter-

town liason committee which is discussing state Department of Public Works proposals for a new circumferential highway around Boston, between Routes 128 and 495.

A meeting had been held in Concord on January 15th., and in addition to Gillis and Gordon Hayward, Carlos Gubellini of Salem Street was present.

There were four persons present from the state DPW, Gillis said. The spokesman told the committee that there were no plans for a mid-circumferential highway yet, - no report, and no specifications; nothing tangible.

'To clear a point I asked Mr. Gagnon (the spokesman, Ed) if the DPW had any plans relative to Route 62, and he said NO. Then I told him that there had been engineers in the Wilmington Planning Board meeting of January 1968, with such plans, and that the DPW had had a similar discussion in a meeting in Arlington'

'Mr. Caswell, the (SILC) Chairman, stated that a definite relationship existed between plans for Route 62 and the new mid-circumferential belt'

'This was about 15 minutes after the previous discussion, and Mr Gagnon spoke up to say that he had already said that, whereupon there was a loud resounding NO!'

Gillis said that the DPW was trying to 'hoodwink' the meeting. 'They were talking down to us!'

Land Redevelopment

The planning board voted to approve of the plans of the Wilmington Redevelopment Authority, for the Eames Street project, after a report had been given by Mrs McKie, and the vote included that report, with the recommendations made and accepted by the WRA and Planning Board.

Gillis, who was at the meeting, said that the work of the Chairman of the Board of Selectmen, James Banda, had been important, and that Mr Banda should be commended.

The Planning Board and WRA had met at the home of Mrs McKie, last Friday, with Banda also present.

Planning Board objections were mainly three.

1. The absence of the road that was formerly planned for the project.

2. Differences between the proposals of the WRA for the equivalent of development regulations and those of the town.

3. The 'open spaces' around the houses on Cook Hill - which houses are specifically exempted from the land development proceedings.

The talk lasted a long time, Mrs McKie said, and then they started all over again. The WRA members felt that their specifications, in (2) was tighter than the Planning Board's, but the two groups finally arrived at a compromise, in which some phrases to which Mrs McKie were taken out.

Discussion over the absence of the road, in the plans had the WRA firmly convinced that if a road were shown it could hamper future land sales. A compromise was reached, Mrs McKie said, in which the WRA agreed on a road, if it were needed, with an adequate traffic circle.

The meeting finally broke up, but without resolving Mrs McKie's questions about the 'open space on top of Cook Hill.

'We made concessions, and so did they' she said.

Chamber of Commerce asks action on Ainsworth Road

The President of the Wilmington Chamber of Commerce has asked the Wilmington Board of Selectmen and Town Manager to 'please do something about Ainsworth Road'.

The request was made at the Monday night meeting of the Board of Selectmen.

Ainsworth Road, located in North Wilmington, is a part of the old Salem & Lowell Railroad bed. It was accepted in a Town Meeting eight or ten years ago, after the then Town Manager and Board of Selectmen ask that it be so voted.

No plan was ever filed, as required by law, at the Registry of Deeds, in Lowell, so that the acceptance article became null and void. There were many other difficulties, some of them being a number of promises which had been made to Bob Evans, the owner of the old railroad bed - promises which could not be kept, but which were a part of the agreement. The agreement, itself, is seemingly missing.

Mr. Evans still owns the old railroad track, and possibly owns the water main that was laid to a 10,000 square foot building, at the far end of the street. Last week Mr. Evans put up a No Trespassing sign, at the Andover Street entrance to Ainsworth Road.

The company which was in that building (Hyletronics) has now moved out of town, Capt. Nelson told the Selectmen, and a new company seeks to locate there. But the new company seeks assurances that it can use the street.

The CC Prexy asked that an article be included in the annual Town Meeting for re-acceptance, etc. He was told it was impossible - there is no plan, and it will take time to make one.

But, the Selectmen said, they will try to have a plan in time for action at the Special Town Meeting, expected to be held this spring to discuss plans for an addition to the High School.

GIRL SCOUT COOKIE SALE STARTS TOMORROW: And these Girl Scouts attended the Selectmen's Meeting Monday night to get an official blessing on their efforts.

Street, but nearer the center of town. Mr. Galante has sold about 250 so far this year. He has no more, according to the latest word.

Roger Beaupre, of A. B. Swezey, still has his, for sale. He is quite an enthusiast, on his own part, talking about the champions and their races. His top star is a man named Tommy Blackburn, a rep for the Sno-Jet, which happens to be the kind that Roger sells. Tommy has won thirty trophies, and anyone who goes to see Roger can hear all about it.

Of course it isn't all fun - not speaking of the people on the machines, but the people who live near where the machines operate.

People call the police about the operators who come roarding thru their back yards, during the night. They can't sleep, the complain.

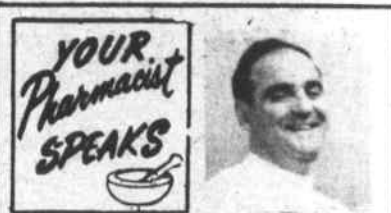

The Andover Police Department is setting up special patrols for those operators who make noise at night. Try to run one in that town at night - and see what happens to you!

Skimobiles cannot operate on the highways of Massachusetts. They are not registered, nor do they conform to the law. And this leads to some special thoughts.

It is, for instance, perfectly legal to operate on the abandoned railroad track of the railroads, as long as one does not cross a street, and as long as the now owner does not object.

People from Lowell drive down to the Tewksbury Hospital, and from there skimobile down the

Send your announcements to Nancy, Box 208, Wilmington or call 657-7141, and after five, 658-4865. If I'm not there, then I'll call you!

Hey, did you try that Helpful Hint, that Louis the friendly Pharmacist at Silver Lake Drug had in the paper last week - that is the toothpaste on the copper to shine it? Well, we did try it, being the recipient of lovely stainless pans with copper bottoms on them for Christmas and them being dingy from the Clan cooking their pop corn in them...and it really works! That's the boy, Louis!

And...around Town this Week... Did you see Joannie Kritter sporting that new haircut...and did you hear about Jeannie Olson's bridal shower at Doris's...and did you know that Johnnie Ritchie brought home some new grass for the Football Field from the Coaches Conference...Grass in January and is it ever green...and don't know what happened to the Plows, but the back streets in this Berg are something else...tried to turn the corner on Beeching and kept right on going down Faulkner, and that was with studs in the snow tires... Out of money or Plows, there Chief!

Did you know that...the Young Folk at the Methodist Church picketed the Annual Church Meeting with posters in Protest...We still are making up our mind whether it was a joke, or for real...since this Chick noted that there weren't many of their names on the nomination lists...Now, we want to give them equal time...How about that Kids!

Barbie Dayton says that the Skate Exchange is open Every Saturday Morning from 9 am to noon and she lives at 214 Burlington Ave Rt 62 (this is this Chick's problem...with her mind for numbers she keeps sending people to anywhere in the 200's most ly 217 ...wonder who lives there...but then usually I'm either in the middle of making the spaghetti, or washing a floor when they call me!... Now Barb says that it has been most successful, and any mother that needs 'double runners' for their pre-schoolers...she will sell the 14 pair she has for one dollar each, but otherwise, the Exchange does not sell skates - it only exchanges! Ok? That should fix up the tots and toddlers, and at the rate the weather is going you can just put them on in the kitchen and let them out the back door...that is what the Clan is doing this week, and then skating on that collection from Diamond Crystal's parking lot in the side yard, or on Patch's Pond...and they skate right out to it! It's Winter in Wilmington - the Skating Scene!

Joe Ryan, the Barber on Main St next to Wil Ctr Pharmacy wrote this Gal a cute note this week and said that he would be open on Thurs day and Friday evenings between 7 and 9 to do haircuts by appointment. This is for those boys that groan that they don't want to stay in town and get their haircuts, but that the Wilmington barbers are always closed by the time they get home! Call him at 658-9521 for that Trim! Ok, Boys? Now that's where it's at...You asked for it!

and what's more, the candidates could use a little addition on the lists...Not healthy when only the incumbents are on the slate...so if you're interested, whether you know about anything or not, go on down to see Esther Russell and get your nomination papers...it only takes 50 signatures of registered voters! Let's go now...get those candidates out...and anyway register, will yuh? On account of the Town Meeting is where it is in March!

Those Small Fry Girl Scouts and the Large Ones too will be out with their Green Berets and Cookie orders this week...so look up your favorite girl scout, if she forgets to look up you and give her your cookie order, please!

Now, the Boys! Dave Smallidge is home on leave until February 5 when he will be going to Camp LeJeune. He is back from Nam and says that he is going back on another tour. I asked how come and he said because it was safer there than here, with all the riots sit-ins, and strikes...Now that is something, isn't it, and from one of Uncle Sam's Marines, and his

buddy agreed with him, so we had better do a little thinking about that one!

Earl Phillips is back in the World in Ward D at Chelsea Naval. He had a few injuries and is being re-paired. And don't forget to send David Carr that card also in Ward 15 at Chelsea Naval... Have left messages with the folks of these two lads about the other so hope they can have a game or two of cards...think Dave is ambulatory, but they both will be there for a spell, so hope they get together, and meanwhile, keep the cards going to them every week or so...huh! That's a long road, when you're that young! Thanks a bunch, folks!

No 2 Son will be home again on Sunday, and things will be rocking again back at the Hut. HOME OWNERS CORNER

by Roger

Almost every time you hang up something or fasten something to something else, there's some kind of load to be carried - - and there's a right way of doing the job.

When you hang a picture, for example, you can drive a little nail into the plaster to hold the picture if it doesn't weigh much.

And if you want to hang a heavy mirror, you not only need the right kind of hanger, but you'll have to find a stud (wooden post within the wall) to drive the hanger into, so it won't pull out of the plaster.

Don't get hung up - - when you need lumber of all types come to A. B. SWEEZEY, INC. 615 Main Street, 658-2051. We even carry hardwoods, such as walnut, cherry, ash, oak and birch. Free Delivery . . . Make winter chores easier with Outdoor lovers - - winter will be more fun with a Sno-Jet Snowmobile . . . Stop in any day from 8AM - 5PM, Fridays from 8AM - 9PM.

Half a Million Dollars of Stolen Gravel

The 1960's, for most communities in this area, have been measured and found to be years of progress.

In Wilmington the story is different. It was they years in which gravel merchants stole perhaps \$500,000 in gravel from Wilmington - most of it town owned. (The valuation is by today's prices)

At least three places in Wilmington, owned by the town, were the sites of operations of this kind, with one more being privately owned, or a total of four.

In North Wilmington, near the North Reading line, is a site that has been pretty well cleared of gravel, down to a depth of over twenty feet - and it encompasses an area of acres.

In West Wilmington is a site from which 35,000 yards of gravel were stolen, town owned.

In South Wilmington is another site, where thousands of yards of gravel were stolen.

The fourth site, privately owned, is the property of the Stevens Family Trust of Lexington, and is off Woburn Street. Someone went in there with trucks and stole a considerable quantity of gravel, Lester Stevens told the Planning Board.

In only one instance is there definite knowledge of action by a Town Manager - Temporary Town Manager Harold Melzar.

Other Town Managers - every one - knew that something was going on - this refers to the regular Town Managers - not to the Temporary or Acting Town Managers.

They were told by the publisher of the Town Crier.

One was also told by the Principal Assessor - Stanley Webber. That was back about 1961, before Mr. Webber was fired, for some as yet unknown reason.

Mr. Webber advised the then Town Manager that he should have a survey made of the Water Department land in North Wilmington, as he (Webber) thought that gravel was being taken from Town Property. The then Town Manager did nothing, and then Webber was fired by the next Town Manager.

That same Town Manager who did nothing about the advice given him by Mr Webber was also told the same thing by the publisher of the Town Crier.

Today there is a hole - with several hundreds of thousands of dollars in gravel missing. There is no way to prove who took that gravel, the Town Crier is told.

Remember the gravel truck with 56 tons of gravel, which didn't quite make it, across the Shaw-shen Avenue bridge?

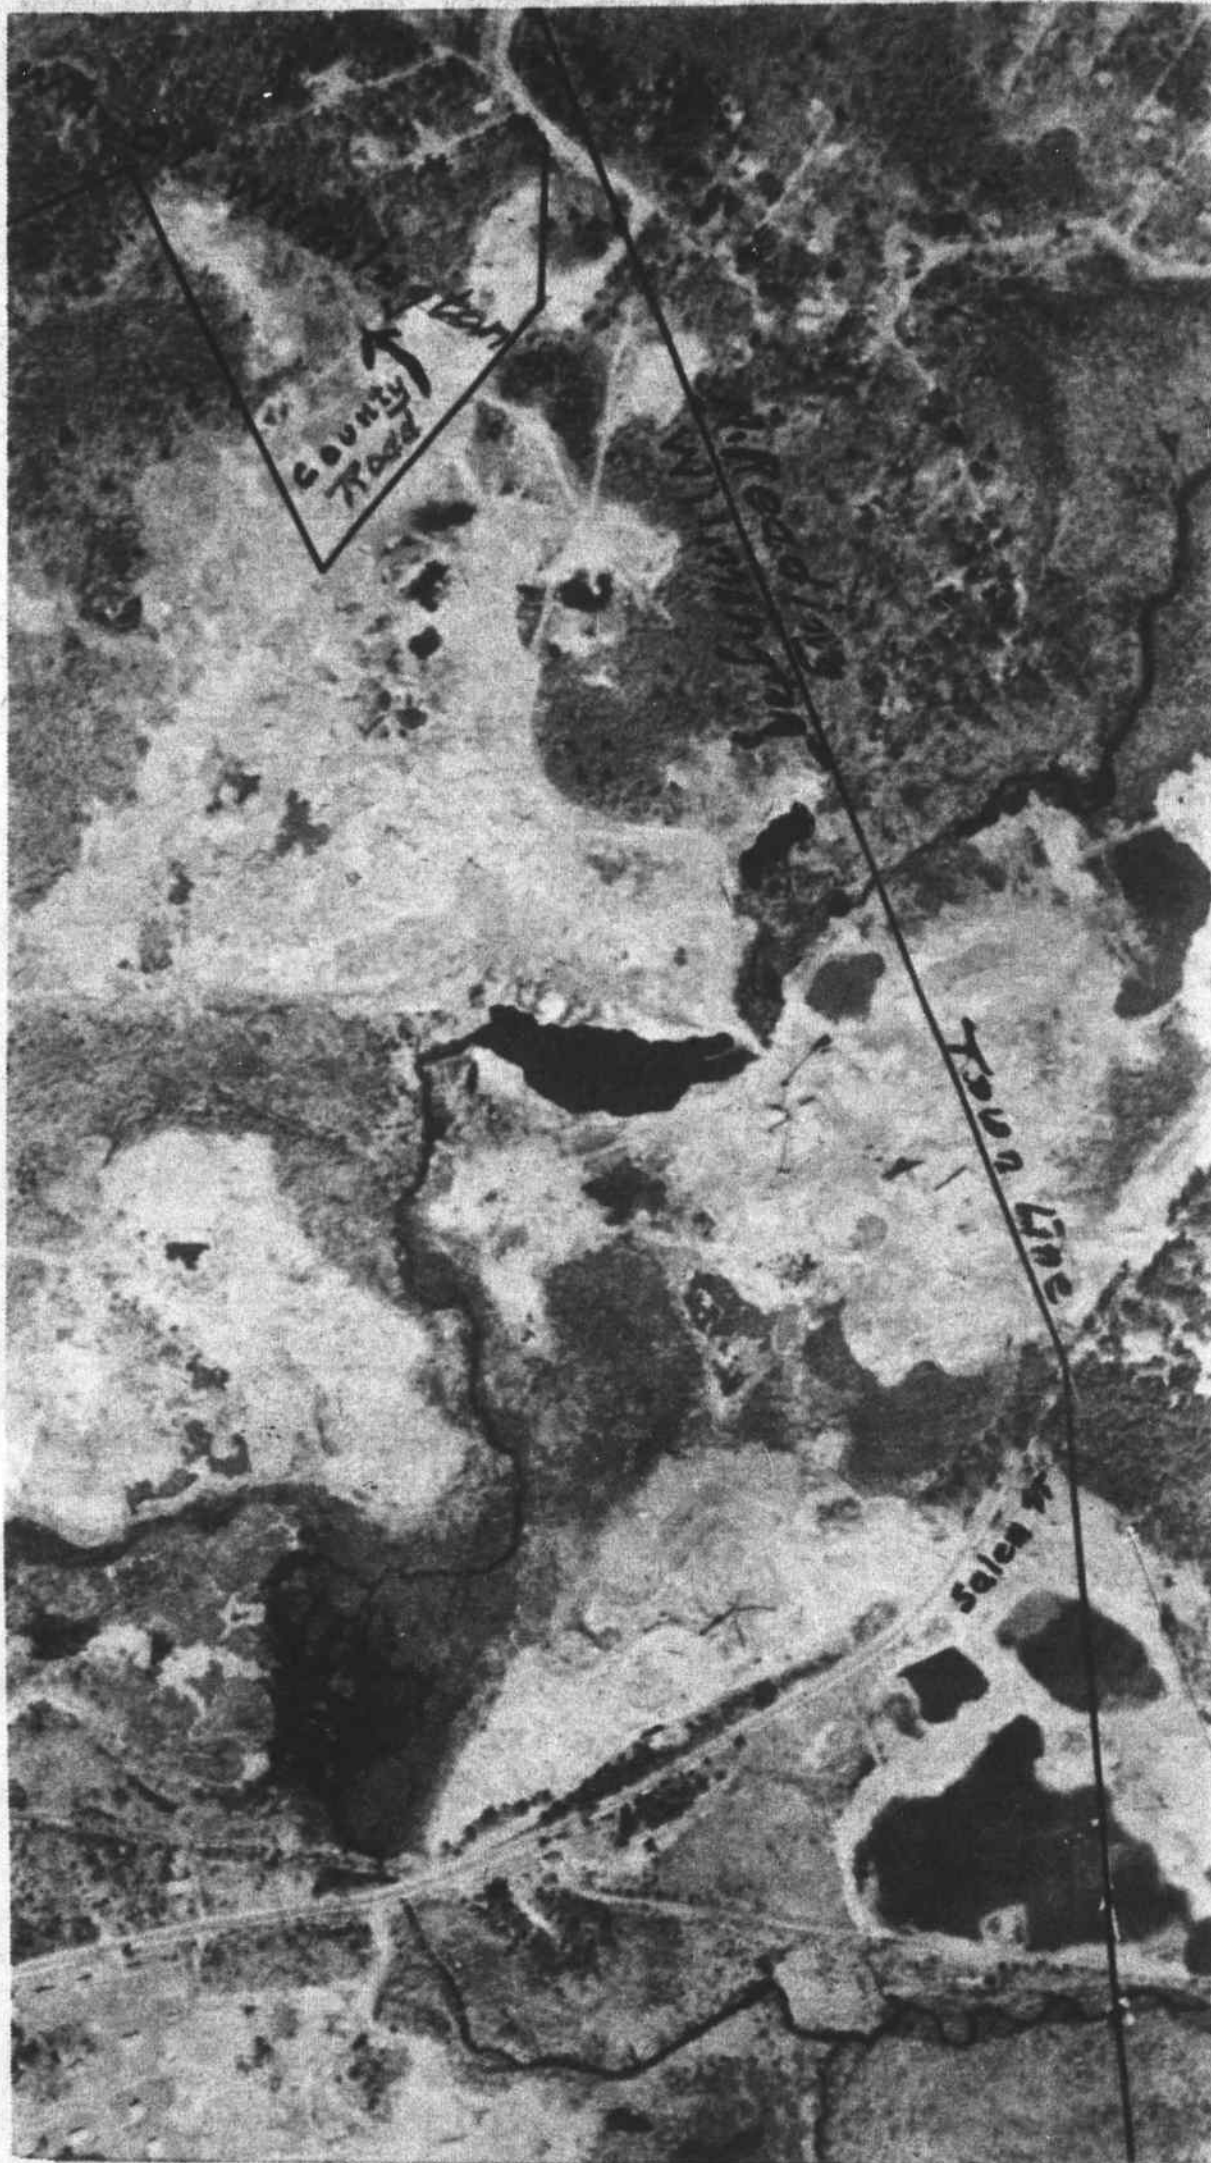

The chances are that the gravel in that truck came from property in Billerica - but it might have come from town property in Wilmington!

There were large scale operations in Billerica at that time, with the gravel going to the extension of Route 93, still uncompleted, in Somerville.

The operators, or someone, then moved across the town line, and took Wilmington gravel. They got away with about 35,000 yards, according to figures subsequently worked out by the Town Engineer.

Someone, after the gravel was gone, - police - town engineer - or maybe from the Water Department, told Melzar it was gone.

(NEXT PAGE)

ONE OF THREE PLACES: From which gravel was stolen from the Town of Wilmington during the 1960's, is this site near the North Reading line, up near the 'Lost Colony' of Wilmington.

Old Virginia Road curves across the North Reading - Wilmington town line, at the top of the map. The large white spots show where gravel has been excavated.

In land controlled by the Water Department, and owned by the Town, near Old Andover Road, several hundred thousands of dollars worth of gravel was excavated by persons unknown, and without permission of the town.

Melzar called in the Town Counsel, to see if there could be some recourse at law.

But - there were no witnesses, and the case had to be dropped.

The third theft, of an unknown quantity, was in South Wilmington on land that is near the Woburn line.

The gravel there went to the widening of Route 128 - and by a strange irony, the Wilmington cops were employed, in their off time, to 'control' traffic for the gravel trucks.

No one seems to have realized that a large part of the operation was in town owned land - land that had been taken for taxes. The police stopped the motorists on Route 38 who would have been stopping the trucks - and the trucks carried off the gravel!

It's a sad tale - and if someone could prove, in any case, in a way

that would be accepted by the courts as to who took that gravel, that someone could make the town much richer.

Maybe to the value of \$500,000. That's nearly \$5 on the tax rate!

Letter

January 18, 1970

Dear Larz:

Having attended several high school hockey games this season, I'd like to offer a few comments on our current Wilmington club. I hesitate to use the word 'team' since this term connotes a unit which operates with a degree of cohesion and co-operation.

It is no disgrace to lose to a better team, in any sport. However there is no excuse for simply going through the motions, while

representing your home town. And it is painfully obvious that this group is doing just that! During Saturday's 4-1 loss to Andover (although I did not keep count) our heroes MAY have managed ten shots on goal during the entire contest.

Why? This is essentially the same group of boys which lost only one of 18 games last year. Graduation took only two or three members of the team. Last year this unit was passing smartly, digging in the corners, and generally helping each other out. This year, with one or two exceptions, they are just standing around.

I am in favor of supporting our athletic teams by attending contests as often as circumstances allow, thus lending moral and vocal encouragement. But I shall refuse to pay a buck and a half to watch a potentially great team squander its

talens through careless, uninspired, and generally disinterested play.

I would say to you then, hockey team, if you expect the support of your town, it would behoove you to return to the land of the living - like now.

Signed - Disgusted.
(Name withheld by request, Ed.)

PS. Our basketball team, in spite of a relatively poor record in a very strong conference, deserves unstinting credit and support, because they are WORKING every minute they are on the court.

Dear Larz:

Enclosed is my check for your paper for the coming year. I think this is the right amount. We sure enjoy keeping in touch with the 'goings on' in Wilmington. How is Rotary? - and say hellos to anyone that might remember us.

We have been in 'deep freeze' here in Cambridge Vt. - 15 to 17 below, but do not mind it so much. We have plenty of snow. Skiing is very good up on Madonna, which is only about eight miles from here. The roads and travel is unbelievable - all roads are down to bare macadam. We have had quite a few skiers so far this year. If you are ever up this way, drop in.

Wilbur Stavelly.

Varsity Drops A Pair

The Varsity faced the iron of the conference last week and suffered their fifth and sixth seasonal losses. On Jan 13th, the Wildcats travelled to Billerica and were literally drubbed by the Indians, 78-48. The boys fell behind early in the game and were completely outclassed throughout. Poor floor shooting, 14-58, 24%, was the big downfall whereas the Indians made 28 of 69 shots for 41%.

Playing at home this past Friday night, the Wildcats lost to the Scarlet Knights of No Andover 57-41. The Varsity played an outstanding game before an excellent crowd of over 240 fans. Playing only six men throughout the contest Coach DiSarcina's team made the Knights earn their 28th consecutive conference victory.

The Jayvees extended their unbeaten streak to five, as they stopped the Billerica Jayvees, 47-44, last week with Bob Conlins 12 and Tom Beaton's 13 points leading the way to victory.

On Friday, the win streak was snapped as the No Andover Jr Varsity proved too strong as they stopped Coach Stone's five, 63-38. Lance Platt, 13 points and Tom Beaton's 9 paced the Wildcats.

Coach Milley's freshman unit evened their record 2-2 with a 48-42 triumph of Howe Jr High of Billerica in their only outing last week. Bob Gillis led all scorers with 17 points. Rick Nickerson, 9 points, Mark Nelson 8; and Jason Platt, with 7 aided the cause.

Icemen Split A Pair

The Varsity Hockey Sextet dropped Billerica, 4-1 and lost to Andover, 4-1, in MVHL action last week.

On January 14th, the boys struggled through two periods before exploding in the final stanza to score three goals en route to their fifth win of the season. The Wildcats continued to play lack lustre hockey this past Saturday as the Goden Warriors dominated the play throughout as they outshot the Wildcats, 37-11.

Against Andover, the Varsity played probably its poorest team game of the season. If it were not for the excellent goal-tending of Dana Tighe and the hustling defensive work of Mike Esposito the Wildcats would have been severely drubbed.

The defending league champions are in jeopardy of falling out of the race completely. Last night, they skated against Chelmsford and this Saturday, the arch-rival Burlington Red Devils will provide the opposition at the Forum.

The Jayvee Hockey Team topped Masco's Jayvee Unit last Thursday afternoon, 4-2. Goal scorers were Dan Kindred, Billy Lynch, Billy Kelley and Doug Fish.

Indoor Track

Classical Edges Wildcats

A much-improved Varsity Track Team lost a close 49-37 meet to Lynn Classical in a West Division Dual meet held on Tuesday at Andover Academy. The Wildcats attained first place finishes in the 50 yd Dash, Rich Weed, 6.1; in the shot put, Carl Cotter, 45-5-1/2; and 600 with Larry Harrington time of 1:22.0.

Others to earn high finishes were: Rick Russell, 2nd in high jump; Mark Winchell and Len Sawyer, 2nd and 3rd respectively in the shot put; Gary Whitcomb, 2nd in mile; and Jim Lynch with a 2ne in the 1000.

The next dual meet is this afternoon against Lynn English, which sports a 1-1 record. The varsity is presently tied with Tewksbury, both with 0-2 records, for fifth place in the western division standings. Other scores last week included Central's rout of Tewksbury 62-24 and English's first win, 50-37 over Methuen.

Girl's Basketball

Win Streak Stopped at Three

The Girls Varsity Basketball Team had its winning streak of three snapped by Billerica, 40-37 on January 13th. Capt Joan Cushing paced the female Wildcats in scoring, tossing in 16 points. The Jayvees also lost to Billerica, 14-5 with Donna Freeman's three points highlighting the offense.

On Friday of last week, the girls travelled to No Andover and suffered their second consecutive loss cord to 3-3, as they dropped a 35-27 contest to the Scarlet Knights. Pat Griffin led the Wildcats with 15 points. The Jayvees lost a hard-fought double overtime 20-19 game to the No Andover Jr Varsity despite an outstanding performance by Freshman Joan Belissimo. Joanie tossed in 14 points 3 before fouling out late in the second overtime.

Ed Doherty tossed in 32 points to pace the league leaders while Irion Patterson and Larry Minton chipped in with 21 and 18 points respectively. Keith Arnold hooped 24 points in a losing cause.
Earlier in the week, the Chargers snapped a five-game losing streak as they stopped Bedells 75-67. Keith Arnold with 34 and Al Stone with 18 paced the way for Stan Rillery's team. Former Wilmington High Star Tom Pote made his initial debut for the Chargers, upon returning from the service, and contributed highly to the win as he tossed in 14 big points. Bob Cassello and Dennis Shaughnessy led Bedells with 18 points apiece.
DeLoury Construction dropped both of its games in other league action last week. On Wednesday they were edged in the closing minute of play 69-68 by Newhouse and this past Sunday night the Merchants topped them 85-73.

The Jets continue to stay on top at the halfway mark, downing the Raiders 24 to 12. Mike Herra rimmed the ball to the tune of 12 points to head up the Jets scoring. Dave Spring and Joe Nickersons shared the scoring honors for the Raiders for 5 points each.
The Broncos, bucking and snarling, tried to overcome the Chiefs but didn't quite make it. The Chiefs came out on top 17 to 16. Easy Ed Maloney hit for 9 points heading up the Chiefs scorers. Jim Martin hot man for the Broncos hooped 11 points in a losing cause.
The Patriots came to do battle with the Chargers, but were out-scored in the half by two points and six in the second half, only to lose 27 to 19. Doug Stewart 13 and Tom Woods 10 points set the stage for the Chargers. Carl Butler 9 and Rick Dunn 8 shared scoring honors for the Patriots.
The Chargers will guest the High School Basketball Team this week Friday night 6:30 pm when the High School meets Lowell Trade.

The Royals showed their high class and defeated the Lakers 46 to 28. Coach Billings boys led by Roy Anderson (16) points and Ray Noel (11) points kept the Lakers in the cellar. The Lakers led by Bubba Clark (12) points with Sid Tildsley (8) have yet to earn a victory, but Bubba Clark tells me a 5-5 record gets you in the playoff. Good luck in the second half, Bubba and Company.
Coach Hanna and boys continue on their winning ways downing the strong Bullets 61 to 39. Joe Scifo led all scoring in this game 21 points. Bobby Carbone tossed up 15 points along with Jim Ritchie (9) points for the Bullets.
The Celtics had little trouble with the Pistons as they took them into camp 49 to 32. Jim Maxwell had a field day with 28 points and lonesome cornerman Ken Richard rimmed 10 points. Bill Waller 12 points and Dave Stewart 8 points along with Tom Southmayd and Steve Gustus 6 rounded out the Pistons scoring

Garbage Collection
Due to the recent cold wave and snow, garbage collection has been hampered by frozen buckets, frozen covers, and icy walkways. It is the responsibility of the Homeowner, and NOT THE COLLECTOR to see that these conditions do not exist. If, for any reason, your garbage is not collected, check these conditions before rendering a complaint. Whenever a major snow storm occurs on Collection Day, Collection will be the following week.

At the Skating Club

A REAL WINTER SPORT: Clearing the ice of the rink, at the Wilmington Skating Club, after Sunday's snowfall. The two sportsmen are Warren Mickle of Stone Street and Donald O'Connell.

EXACTLY THE SIZE OF BOSTON GARDEN: The Wilmington Skating Rink is located on a low spot of land, where hopefully the temperatures will keep the ice firm. This picture, taken through the picture window of the Skating Club, shows Mickle and O'Connell getting ready to flood the ice, at 10 pm Monday, so as to provide a new surface. Notice the fire hose, leading from a nearby hydrant. (the thermometer reading was a mere 10 degrees).

NEXT AFTERNOON: The girls of the Figure Skating Club were out in force, enjoying the new ice that O'Connell and Mickle had made.

SKIMOBILES (From Page Four)

abandoned right of way of the old Salem & Lowell Railroad. The rub is that they have to cross some streets in Tewksbury to do so, and then they are breaking the law - if they operate their vehicles while crossing. These people eventually end up in some of the wooded areas of North Wilmington. The Boy Scout camp (Camp Forty Acres) is probably pretty well criss-crossed by skimobile tracks, this winter.

One of the favorite places in

Wilmington is the track of the Boston and Maine, which goes through North Wilmington. Only one track is in existence today, but it is still a railroad right-of-way. Late at night one sees them, headlights gleaming, as they make their way at forty or more miles an hour - some models exceed sixty, easily.

The advantage to the sportsmen is that they can legally cross such streets as Salem Street and Middlesex Avenue, on their skimobiles and not be breaking the law. The railroad owns the right of way, and allows motorists to travel on the streets, where they cross the railroads.

So - don't call up the Wilmington police and expect an arrest just because you see a skimobile crossing Middlesex Avenue.
